

SEEBURGER is a Major Player in the IDC MarketScape

European Compliant e-Invoicing 2024 Vendor Assessment

September 26, 2024 – Bretten, Germany – SEEBURGER, a globally recognized leader in business integration solutions, today announced its recognition as a Major Player in the IDC MarketScape: European Compliant e-Invoicing 2024 Vendor Assessment (doc #EUR151806424, September 2024). This positioning comes after a thorough evaluation of SEEBURGER's strategies and capabilities in the European e-invoicing market.

We believe being named a Major Player in the IDC MarketScape: European Compliant e-Invoicing 2024 Vendor Assessment underscores SEEBURGER's commitment to providing compliant e-invoicing solutions that meet the diverse needs of businesses across Europe and beyond.

“We are honored to be named a Major Player for European-compliant e-invoicing solutions,” said Michael Kleeberg, co-CEO at SEEBURGER. “We believe this recognition validates our ongoing efforts to deliver innovative, reliable and global e-invoicing solutions that help our clients streamline their processes, lower costs and improve their environmental footprint.”

SEEBURGER's global e-invoicing solutions are designed to help businesses of all sizes simplify the complex regulatory requirements around the world while optimizing invoicing processes. Key features include:

- Compliance with global regulatory requirements in over 35 countries, including compliance with European B2B and B2G e-invoicing regulations that cover 27 countries
- Seamless integration with existing ERP systems, including SAP, Oracle and Microsoft Dynamics
- Advanced automation capabilities to reduce manual errors and processing time
- AI-powered assistance for creating, changing, testing and validating data mapping, as well as OCR and proposals for accounting objects in invoice line items
- Connection to e-invoicing networks such as Peppol and national clearance systems
- Support for real-time VAT e-reporting in more than 35 countries

The SEEBURGER BIS Platform is highly scalable, ideal for companies with varying transaction volumes, and serves a wide range of industries, including automotive, manufacturing, retail, logistics and financial services.

“As an integration platform service provider, we focus strongly on the integration aspects of e-invoicing,” said Ulf Persson, SVP Strategic Product Management and Analyst Relations at SEEBURGER. “Our e-invoicing solution ensures the seamless flow of documents between ERP systems, the BIS Platform and government portals, leveraging our library of over 20,000 data mappings, processes and partner configurations.”

As businesses across Europe continue to digitalize their operations and adapt to evolving regulatory requirements, SEEBURGER remains committed to enhancing its e-invoicing solutions to meet and exceed market demands.

About IDC MarketScape

IDC MarketScape vendor assessment model is designed to provide an overview of the competitive fitness of technology and service suppliers in a given market. The research utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each supplier's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of technology suppliers can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective suppliers.
